PUTTING TRAINER

Dear Sirs

As you can see from the enclosed letter of 2 years ago and credit card extract, I submitted a Patent Application but owing to a prolonged hospital stay shortly afterwards, do not have a record of any further action on your part (Being nearly 90, I am afraid I forgot to check this!).

I wondered whether you would be kind enough to let me know if anything can be done to revive this application, for which I have apparently paid ? At the time, I was under the impression that I had complied with all your requirements but have been unable to find any confirmation or otherwise in my files, though I have two U.S. Design Registrations granted on file

Sincerely yours

Sidney Anthony Hollingsworth Whitehouse

International Application GB2005/001195

Applicant : Whitehouse, Sidney, Anthony,H.

August 15, 2006

PUTTING TRAINER

Dear Sirs

I enclose my Transmittal Letter and other documents in respect of a Patent Application . In your form **PTO 1390, para 7 a**, there is provision for including amendments to the claims of the International Application under PCT Article 19 (35 U.S.C. 371(c)(3)). I was advised by a most helpful member of your enquiry office that the original claims included several which were "Multiple Dependent" – I have therefore had these amended by a qualified attorney to meet your requirements and reduced in number to under 20. I hope by enclosing these amendments on a separate sheet, you will find it possible to accept them under your regulations, as I could not find a specific form for this purpose in your archives.

I enclose the fees for a small entity application and hope that my submission is correct in all respects.

Sincerely yours

Sidney Anthony Hollingsworth Whitehouse
